**“They said what they would do, and we did not listen. Then they did what they said they would do.”**

So ends the first chapter of this brilliantly readable counterfactual novel, reminding us that America’s Christian fundamentalists have been consistently clear about their vision for a "Christian Nation" and dead serious about acquiring the political power to achieve it. When President McCain dies and Sarah Palin becomes president, the reader, along with the nation, stumbles down a terrifyingly credible path toward theocracy, realizing too late that the Christian right meant precisely what it said.

In the spirit of Philip Roth’s *The Plot Against America*, one of America’s foremost lawyers lays out in chilling detail what such a future might look like: constitutional protections dismantled; all aspects of life dominated by an authoritarian law called “The Blessing,” enforced by a totally integrated digital world known as the "Purity Web." Readers will find themselves haunted by the questions the narrator struggles to answer in this fictional memoir: "What happened, why did it happen, how *could* it have happened?"
