BOOK #1: The Ultimate Survival Manual: The Best Survival Manual That Will Teach You How to Survive a Tsunami

In this guidebook you will learn about all of the different things that you can do when a tsunami is coming, whether you are getting ready ahead of time, what to do when you get stuck there, and what to do when the storm is over. There are many things that you can do ahead of time that will ensure your chances of surviving and if you think them through before the storm hits, you are going to have a much better chance of doing well compared to waiting until the moment.

In this guidebook, you will learn a lot about how to prepare for tsunamis. This information includes:

- How to get prepared ahead of the storm so that you can leave right on time and get somewhere safe.
- How to pay attention to the warning signs of an upcoming tsunami
- What to do when a tsunami hits and suggestions for when you get stuck in the area.
- What to do when the tsunami is over to be safe.

Use this guidebook to have the best chances of survival when the storm hits your area.

BOOK #2: Prepper's Blueprint: 15 Lessons on How to Save Yourself From Earthquakes

This eBook lays out the lessons you need to learn about protecting yourself and your family from the dangers of earthquakes and offers step by step instructions for overcoming the most common challenges you will face from the after effects of a major earthquake.

Here is what you will learn after reading this book:

- What steps to take now to prepare for a major earthquake.
- What supplies you should pack in your emergency supply kit right now.
- How to make your home a safe place to shelter during and after an earthquake.
- How to develop a Communication Plan that the entire family can follow.
- How to safely return home in the aftermath of an earthquake.
- Key steps to take after an earthquake has struck.

BOOK #3: Off The Grid 101: Amazing Lessons on Why You Should Think About Deciding Living Off the Grid

This guidebook discusses what life would be like without all of this technology. There are those who decide to live off the grid, a life that is simpler and without modern technology, because they see the greed and harm that can come from it. Some do it for personal choices and others do it because they see it as preparation for when disaster strikes.

Inside you will find information such as:

- What living off the grid really means
- Some of the reasons that you should consider living off the grid
- The steps you should take to start leaving the modern world and living off the grid
- The many benefits that come with living off the grid.

This kind of lifestyle is great for so many people because instead of limiting you, like many people think it would, it actually opens up a lot of new doors. Read through this guidebook to find out more about how this lifestyle can be so great for you.
