Depression is the common cold of emotional struggle. The broad use of the term depression, and the confusing and conflicting approaches to depression have created a need for a Biblical perspective of depression among the Christian community. This book addresses that need. By implementing the results of this study, pastors and Christian counselors can be more specific in giving Bible-based counsel with the comfort of defined Biblical authority. Also, by providing clear Biblical direction for suffering believers, the confusion is addressed. This study affirms to the suffering the fact that Scriptures have the answers for life. By providing Biblical tools, this study promotes the ministry of the body of Christ by addressing the emotional needs of its members.
