Wireless Home Networking For Dummies, 4th Edition Danny Briere, Pat Hurley

The perennial bestseller shows you how share your files and Internet connection across a wireless network

Fully updated for Windows 7 and Mac OS X Snow Leopard, this new edition of this bestseller returns with all the latest in wireless standards and security. This fun and friendly guide shows you how to integrate your iPhone, iPod touch, smartphone, or gaming system into your home network. Veteran authors escort you through the various financial and logistical considerations that you need to take into account before building a wireless network at home.

- Covers the basics of planning, installing, and using wireless LANs
- Reviews essential information on the latest security issues
- Delivers valuable tips on how to stay current with fast-moving technology
- Discusses how to share resources such as printers, scanners, an Internet connection, files, and more with multiple computers on one network

Wireless Home Networking For Dummies, 4th Edition skips the technical jargon and gets you connected with need-to-know information on building a wireless home network.

From reader reviews:

Eric Frances:

A lot of people always spent their own free time to vacation as well as go to the outside with them family members or their friend. Are you aware? Many a lot of people spent that they free time just watching TV, as well as playing video games all day long. In order to try to find a new activity this is look different you can read a new book. It is really fun for yourself. If you enjoy the book which you read you can spent 24 hours a day to reading a e-book. The book Wireless Home Networking For Dummies, 4th Edition it is quite good to read. There are a lot of people that recommended this book. They were enjoying reading this book. If you did not have enough space to create this book you can buy typically the e-book. You can m0ore simply to read this book from your smart phone. The price is not too costly but this book provides high quality.

Lillian Robbins:

Precisely why? Because this Wireless Home Networking For Dummies, 4th Edition is an unordinary book that the inside of the book waiting for you to snap it but latter it will jolt you with the secret the item inside. Reading this book next to it was fantastic author who all write the book in such amazing way makes the content within easier to understand, entertaining approach but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this ever again or you going to regret it. This amazing book will give you a lot of gains than the other book possess such as help improving your talent and your critical thinking means. So , still want to postpone having that book? If I had been you I will go to the reserve store hurriedly.

Jeremy Windham:

Many people spending their time frame by playing outside together with friends, fun activity using family or just watching TV the whole day. You can have new activity to pay your whole day by reading a book. Ugh, do you consider reading a book really can hard because you have to bring the book everywhere? It all right you can have the e-book, taking everywhere you want in your Touch screen phone. Like Wireless Home Networking For Dummies, 4th Edition which is getting the e-book version. So , try out this book? Let's notice.

Gregory Eubanks:

Some people said that they feel uninterested when they reading a publication. They are directly felt it when they get a half areas of the book. You can choose often the book Wireless Home Networking For Dummies, 4th Edition to make your personal reading is interesting. Your own skill of reading ability is developing when you just like reading. Try to choose simple book to make you enjoy to see it and mingle the idea about book and reading especially. It is to be first opinion for you to like to open up a book and go through it. Beside that the guide Wireless Home Networking For Dummies, 4th Edition can to be your new friend when you're feel alone and confuse in what must you're doing of the time.
