Mass Media Law: The Printing Press to the Internet Arthur S. Hayes

Digital media law is now the dynamic legal territory. *Mass Media Law: The Printing Press to the Internet* is a textbook designed to introduce students to the panoply of legal theories raised by the Internet revolution as well as those supporting traditional media. The book takes a historical approach beginning with the printing press and the telegraph and proceeding to the digital technologies of today, such as social media and search engines. Concepts such as defamation, broadcast regulation, privacy, and free expression are covered along with new media legal theories including Internet exceptionalism, cyber libertarianism, and digital speech and democratic culture. These are introduced to explain why traditional theories such as First Amendment medium-specific analysis, common carriage, and network neutrality are just as relevant today as they were in the early twentieth century. In order to help readers develop critical reasoning skills, each chapter opens with a highly readable realworld vignette and goes on to identify and explain legal doctrines and tests. Key passages from court opinions are highlighted, and each chapter closes with a list of online media law resources and thought-provoking questions, including legal hypotheticals, to give readers a solid understanding of the area in question. *Mass Media Law* is designed to be the main text and a valuable resource for undergraduate and graduate courses covering media, mass communication, free expression, and journalism law.

From reader reviews:

Archie Moriarty:

This book untitled Mass Media Law: The Printing Press to the Internet to be one of several books in which best seller in this year, that's because when you read this reserve you can get a lot of benefit onto it. You will easily to buy this book in the book store or you can order it by using online. The publisher of this book sells the e-book too. It makes you easier to read this book, as you can read this book in your Smartphone. So there is no reason to you to past this guide from your list.

Kevin Jakubowski:

Precisely why? Because this Mass Media Law: The Printing Press to the Internet is an unordinary book that the inside of the e-book waiting for you to snap this but latter it will shock you with the secret this inside. Reading this book close to it was fantastic author who else write the book in such awesome way makes the content inside easier to understand, entertaining method but still convey the meaning totally. So , it is good for you for not hesitating having this any longer or you going to regret it. This excellent book will give you a lot of positive aspects than the other book include such as help improving your ability and your critical thinking approach. So , still want to hesitate having that book? If I had been you I will go to the reserve store hurriedly.

Jack Lumpkin:

Are you kind of busy person, only have 10 or 15 minute in your morning to upgrading your mind ability or thinking skill even analytical thinking? Then you are receiving problem with the book in comparison with can satisfy your short space of time to read it because all of this time you only find reserve that need more time to be go through. Mass Media Law: The Printing Press to the Internet can be your answer mainly because it can be read by a person who have those short free time problems.

Jamie Treat:

As a pupil exactly feel bored to reading. If their teacher expected them to go to the library in order to make summary for some publication, they are complained. Just very little students that has reading's internal or real their passion. They just do what the instructor want, like asked to go to the library. They go to presently there but nothing reading significantly. Any students feel that reading through is not important, boring along with can't see colorful pics on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Mass Media Law: The Printing Press to the Internet can make you feel more interested to read.
