**The Color Compendium** Augustine Hope, Margaret Walch

The Color Compendium is the first comprehensive, illustrated encyclopedia entirely devoted to color. This extraordinary reference covers the full range of color-related subjects, including their scientific, technical, artistic, and historical aspects.

The Color Compendium features:

- An A to Z encyclopedia, extensively cross-referenced for easy access to all information
- A section of color systems, explaining their development and use
- Sections on color communication and symbolism
- Biographies of leading historical and contemporary color theorists, and commentaries on their ideas
- A fully illustrated section of historic and twentieth century palettes and their source artifacts
