## Comments From Other Readers

“I consider myself somewhat of a history buff, especially when it comes to American history. This book gives a unique look at the life of Theodore “Teddy” Roosevelt, who happens to be one of my favorite Presidents. The author’s admiration for the man is evident, but it doesn’t come across as a biased review of his life. Rather, the author channels their enthusiasm into creating an informative overview of his accomplishments and lasting legacy.” – Tom H. (Albuquerque, USA)

“I was so glad to find this book! It gave a lot of details about Teddy Roosevelt that I never knew, especially when it came to his upbringing. It is clear that his entire life was shaped by what he experienced as a child. Make sure to pick up this book if you have even a passing interest in his story!” – Hannah M. (Lynchburg, USA)

“I may not be an American citizen, but I have a great admiration for some of its historical figures. Mr. Roosevelt is certainly one of them. I appreciated this look into his life, and was pleased at how much he strived to shape US foreign policy for the better.” – Harry R. (London, UK)
