This highly practical book features a comprehensive analysis of both the legal and tax underpinnings of REIT-friendly legislation in a variety of the world's most significant jurisdictions. With regard to the legal framework, the structure and functioning of a REIT is carefully investigated and explained.

In terms of tax issues, the book focuses on such key issues as REIT formation, operation and liquidation; mergers, acquisitions and dispositions; as well as planning for public and private REIT offerings and re-securitizations.
