Home Generator Selection, Installation and Repair Paul Dempsey

Select, set up, and maintain a reliable home generator

This complete and practical guide shows you, step by step, how to choose the best generator for your needs, safely and properly install it, and handle troubleshooting and maintenance. *Home Generator Selection, Installation, and Repair* covers a wide variety of models, including those from the most popular manufacturers--Briggs and Stratton, Coleman, and Honda. Nearly 150 photos and diagrams help you to identify the various electrical components. This hands-on resource also describes the tools you'll need and provides sources for additional information and discount parts.

Home Generator Selection, Installation, and Repair explains:

- How to decipher the technical terminology used in generator manuals
- Different types of fuels--gasoline, propane, natural gas, and diesel
- How to evaluate a generator's quality
- Essential features, including instrumentation, protection from electroshock, and large pneumatic tires for mobility
- How to safely connect generator output to home or office circuits
- Portable generator support requirements, including proper fuel storage and an inventory of parts, such as oil and air filters
- Emergency fixes
- Generator troubleshooting and repair procedures
- Engine overhaul

From reader reviews:

Robert Farley:

What do you think about book? It is just for students because they're still students or it for all people in the world, the actual best subject for that? Simply you can be answered for that query above. Every person has diverse personality and hobby for every other. Don't to be obligated someone or something that they don't wish do that. You must know how great and also important the book Home Generator Selection, Installation and Repair. All type of book could you see on many options. You can look for the internet sources or other social media.

Anthony Youngblood:

The guide untitled Home Generator Selection, Installation and Repair is the publication that recommended to you to study. You can see the quality of the book content that will be shown to an individual. The language that article author use to explained their ideas are easily to understand. The copy writer was did a lot of study when write the book, and so the information that they share for you is absolutely accurate. You also can get the e-book of Home Generator Selection, Installation and Repair from the publisher to make you a lot more enjoy free time.

Marjorie Thompson:

Precisely why? Because this Home Generator Selection, Installation and Repair is an unordinary book that the inside of the e-book waiting for you to snap this but latter it will surprise you with the secret that inside. Reading this book alongside it was fantastic author who also write the book in such incredible way makes the content inside easier to understand, entertaining means but still convey the meaning totally. So , it is good for you for not hesitating having this any more or you going to regret it. This book will give you a lot of positive aspects than the other book get such as help improving your proficiency and your critical thinking way. So , still want to delay having that book? If I were being you I will go to the reserve store hurriedly.

Julio Canfield:

This Home Generator Selection, Installation and Repair is great book for you because the content that is certainly full of information for you who have always deal with world and possess to make decision every minute. That book reveal it info accurately using great manage word or we can say no rambling sentences in it. So if you are read the idea hurriedly you can have whole facts in it. Doesn't mean it only provides straight forward sentences but difficult core information with beautiful delivering sentences. Having Home Generator Selection, Installation and Repair in your hand like obtaining the world in your arm, information in it is not ridiculous one. We can say that no publication that offer you world in ten or fifteen second right but this reserve already do that. So , this is good reading book. Heya Mr. and Mrs. occupied do you still doubt that will?
