The Matrix of Four The Philosophy of The Duality of Polarity Ethan Indigo Smith

The Matrix of Four, The Philosophy of the Duality of Polarity is a formula to develop consciousness and surpass the limitations of traditional political and social constructs. It enhances awareness and is an inspiration for all.

The Philosophy of the Duality of Polarity relates and explains correlations between the four seasons, Aum (Om) and a myriad of spiritual understandings on consciousness presented in a ways to inspire provocative and creative thinking and being. Philosophical and mathematical ideas are used to prove the metaphilosophy, to disprove some contemporary modes of thinking and enhance the potential use of the construct.

The Matrix of Four is verified using universal laws, mathematics and varying human traditions beginning with the four operations of arithmetic and including exploration of the four characters in The Allegory of the Cave and the archetypes of The Four Wise Monkeys and much more. The Matrix of Four is useful for meditation, debate presentation and problem solving in general through expansion of your awareness and consciousness. In the end Ethan presents and defines the righteous rebel archetype, nullis and formulas toward heightened awareness.
