## **Financial Accounting: Information for Decisions** Robert W. Ingram

Designed for the financial half of the first year accounting course where AECC guideline integration and a true user text is desired. The primary goal of the text is to teach students to interpret annual report information and then analyze a company's performance using this information. The book thoroughly explains the relationship between accrual and cash flow measures, as the author believes that student understanding of that relationship is crucial to their full understanding of using accounting as an informational tool.
