A timely updating of the only accessible single volume guide to the ISDA Credit Support Annexes, sanctioned under English and US law. The Annexes collateralise or secure over the counter derivatives risk exposure. This is the companion book to *Mastering the ISDA Master Agreements*, now in its third edition.

First published in 2002, the book is a guide to negotiation of the two main ISDA Credit Support Annexes which are used to support the ISDA Master Agreements. The ISDA Credit Support Annexes are the main support documents which relate to collateralised or secure over the counter derivatives risk exposure.

This book covers collateral management from an operational perspective and focuses on the two main ISDA Credit Support Documents. It provides a clear concise narrative on their provisions and amendments
