Ancient Chinese Warfare

Ralph D. Sawyer

Ancient Chinese Warfare Ralph D. Sawyer

The history of China is a history of warfare. Rarely in its 3,000-year existence has the country not been beset by war, rebellion, or raids. Warfare was a primary source of innovation, social evolution, and material progress in the Legendary Era, Hsia dynasty, and Shang dynasty--indeed, war was the force that formed the first cohesive Chinese empire, setting China on a trajectory of state building and aggressive activity that continues to this day.

In *Ancient Chinese Warfare*, a preeminent expert on Chinese military history uses recently recovered documents and archaeological findings to construct a comprehensive guide to the developing technologies, strategies, and logistics of ancient Chinese militarism. The result is a definitive look at the tools and methods that won wars and shaped culture in ancient China.
