Beyond the Qumran Community: The Sectarian Movement of the Dead Sea Scrolls

John J. Collins

Beyond the Qumran Community: The Sectarian Movement of the Dead Sea Scrolls John J. Collins

With the full publication of the Dead Sea Scrolls, fresh analysis of the evidence presented can be — and indeed, should be — made. *Beyond the Qumran Community* does just that, reaching a surprising conclusion: the sect described in the Dead Sea Scrolls developed later than has usually been supposed and was never confined to the site of Qumran. / John J. Collins here deconstructs “the Qumran community” and shows that the sectarian documents actually come from a text spread throughout the land. He examines the Community Rule, or Yahad, and considers the Teacher of Righteousness, a pivotal figure in the Essene movement. After examining the available evidence, Collins concludes that it is, in fact, overwhelmingly likely that the site of Qumran housed merely a single settlement of a very widespread movement.
