Significantly updated to follow the 5th edition of *Health Insurance Today*, **Medical Insurance Online** is a practical, user-friendly online course that prepares you for a successful career as health insurance professionals. Eighteen online learning modules correspond to the 18 chapters in the text and offer short instructional segments followed by numerous application activities based on medical records from real-life case studies. Users will gain valuable experience with extracting information from the patient's chart, completing the CMS-1500 (02-12) form, electronic claims filing, HIPAA, electronic health records, and the latest industry standards.

- **NEW! Updated screens, content, and reading assignments** match the 5th edition of *Health Insurance Today*.
- **NEW! Thorough module updates** reflect the latest information in claim submission methods, challenges with Medicare, and diagnostic coding.
- **Interactive exercises and activities** - including multiple-choice, matching, short answer, image analysis, true or false, and case studies - offer multiple opportunities to recall and apply medical insurance concepts such as the cycle, organization, and completion of the claim form.
- **Training activities focusing on mock CMS-1500 (02-12) claim forms** challenge users to look for information in the medical record and practice abstracting relevant information from the patient's chart.
- **An extensive glossary** allows users to click on a term and read the definition at any time during the course.
- **Bolded and linked terms** within the text connect users to immediate definitions of key terms.
- **Hypertext web links** direct users to related websites and other Elsevier resources for further study.
- **Reading assignments from the text** for each lesson clearly connect textbook content with application and hands-on learning in the online course.
- **Automatically scored and graded quizzes and exams** allow users to evaluate their mastery of each module's content.
- **Seamless connection between text and online course** feature engaging graphics, inviting elements, and vibrant colors for a more interesting and educational experience.
- **Medical record activities in several modules** ask users to look for information within the medical record for documenting and abstracting purposes.
- **Course orientation** provides directions for completing the course and navigating through the modules.
- **Surveys at the end of the course** offers an opportunity to provide constructive feedback for ongoing course improvements.
