Memoirs By Harry S. Truman: 1945 Year of Decisions Harry S. Truman

In this invaluable account, President Truman provides extraordinary insight into events and decisions that have shaped the world we live in. The momentous year, 1945, witnessed the accession of a new president in wartime, the first use of atomic weaponry, the end of the war with Japan and the founding of United Nations. Engaging and informal, Truman's Memoirs display the sterling character of a man who, thrust into a job he neither sought nor wanted, proved to be one of the ablest men ever to hold the office of the presidency.
