Building a Medical Vocabulary: with Spanish Translations, 9e (Leonard, Building a Medical Vocabulary) Peggy C. Leonard BA MT MEd

The language of medicine may be complex, but learning it doesn't have to be. Using short, easy-to-understand segments followed immediately by programmed exercises, **Building a Medical Vocabulary: With Spanish Translations, 9th Edition** starts with medical terms that you may already know and builds your knowledge by adding new combining forms, prefixes, and suffixes. An Evolve companion website reinforces your understanding with interactive games, animations, audio pronunciations, and more. Organizing medical terms by body system, this text provides the building blocks for effective communication in the health care environment.

- **Easy-to-understand, conversational writing style** makes reading and absorbing the material enjoyable.
- **Programmed Learning sections** allow you to actively participate in learning and get instant feedback on your progress.
- **An Evolve companion website** reinforces learning with audio pronunciations, interactive games, exercises, animations, flash cards, and more.
- **Thorough explanation of terms** enhances understanding by presenting vocabulary in the context of medical settings.
- **Moderate level of A&P coverage** provides the background that you need to understand body systems in the context of medical terminology.
- **Health Care Reports and case studies allow you to apply your knowledge to job-like situations.**
- **Spanish translations** cover common Spanish terminology that you are likely to encounter in the clinical environment.
- **Be Careful with These caution boxes** highlight important distinctions between terms that are similar in spelling and/or pronunciation.
- **Comprehensive end-of-chapter reviews** allow you to measure your learning against chapter objectives.
- **The Joint Commission official Do Not Use list of error-prone abbreviations** alert you to abbreviations that should not be used in the clinical setting.
- **Bookmark pronunciation guide** makes it easy to find pronunciations and may also be used to cover the answer column while working the *programmed learning* sections of the text.
- **Glossary/Index** makes it easy to find words and their definitions, and is great for final exam review.
- **NEW Special Sense Organs chapter** is dedicated to coverage of the eye, ear, and other special senses.
- **NEW! List of key terms with pronunciations in each chapter** provides a helpful review that coordinates with audio files on the Evolve companion website.
- **NEW ICD and CPT information** includes ICD and CPT terminology.

From reader reviews:

Edward Knudsen:

What do you consider book? It is just for students because they're still students or this for all people in the world, what the best subject for that? Just you can be answered for that query above. Every person has distinct personality and hobby per other. Don't to be obligated someone or something that they don't wish do that. You must know how great in addition to important the book Building a Medical Vocabulary: with Spanish Translations, 9e (Leonard, Building a Medical Vocabulary). All type of book are you able to see on many resources. You can look for the internet methods or other social media.

Jordan Miller:

People live in this new day of lifestyle always try to and must have the spare time or they will get lot of stress from both everyday life and work. So , once we ask do people have extra time, we will say absolutely sure. People is human not really a robot. Then we inquire again, what kind of activity have you got when the spare time coming to an individual of course your answer may unlimited right. Then ever try this one, reading publications. It can be your alternative inside spending your spare time, typically the book you have read is usually Building a Medical Vocabulary: with Spanish Translations, 9e (Leonard, Building a Medical Vocabulary).

Wanda Sousa:

Your reading 6th sense will not betray you actually, why because this Building a Medical Vocabulary: with Spanish Translations, 9e (Leonard, Building a Medical Vocabulary) book written by well-known writer whose to say well how to make book that could be understand by anyone who read the book. Written with good manner for you, still dripping wet every ideas and producing skill only for eliminate your hunger then you still uncertainty Building a Medical Vocabulary: with Spanish Translations, 9e (Leonard, Building a Medical Vocabulary) as good book not just by the cover but also by the content. This is one guide that can break don't determine book by its include, so do you still needing one more sixth sense to pick this!? Oh come on your examining sixth sense already said so why you have to listening to a different sixth sense.

Ronald Peyton:

What is your hobby? Have you heard in which question when you got learners? We believe that that issue was given by teacher on their students. Many kinds of hobby, All people has different hobby. And you also know that little person including reading or as reading through become their hobby. You need to understand that reading is very important and book as to be the issue. Book is important thing to provide you knowledge, except your own teacher or lecturer. You find good news or update with regards to something by book. Numerous books that can you decide to try be your object. One of them is Building a Medical Vocabulary: with Spanish Translations, 9e (Leonard, Building a Medical Vocabulary).
