Every ebook sold, Forbidden Fruit Books donates \$2.00 to the World Food Program USA (WFP USA) in support of the UN World Food Program's (WFP) global operations and that feeds 6 people in Africa.

Richard Schweitzer is an experienced historian. It was really a turning point in his life when the white man from Germany stumbled upon few unknown facts about the so called Dark Continent – Africa. Richard Schweitzer went on to enlist interesting facts and history of this “cradle of civilization”. This is an interesting collection of facts and figures which make us realize that the Dark Continent was so called by this name, not due to any lack of development, but our own perception of the same. This book would shed light on the bright aspects of this continent and how much it has contributed to the growth, development and spread of civilization to all nooks and corners of the globe. This book is an attempt to share this newly discovered knowledge with the world.
