Project ELE (ELE Series #1) (The ELE Series) Rebecca Gober, Courtney Nuckels

Praises for Project ELE:

"Project ELE is an intensely unique and enjoyable read. It captures the imagination and invites the reader to explore a post-apocalyptic setting with a multitude of secrets, discoveries and a good dose of betrayal. Think scientific experiments, mostly likeable but also some creepy characters, paranormal abilities, hidden passageways and caverns deep inside a mountain; and then throw into the mix a fat helping of action, suspense, and romance, and you're onto a winner. A must-read for paranormal romance fans of all ages!"~Books4Tomorrow

"For those of you who loved The Hunger Games, Delirium, Matched, Gone series. Then you should check this out."~Books Are Diamonds

"Loved this book! It kept me interested from beginning to end with all the suspense. Very well written and the characters are amazing. The ending left me with an OMG feeling." ~Mystical World of Book Reviews

Millions have already died, and thousands more are perishing daily. As a last ditch effort to preserve the human race, the government implements Project ELE. With the earth heating at rapid speeds, all remaining survivors are forced to turn to F.E.M.A. shelters to wait out ELE's wrath.

Willow Mosby's life, as she knows it, ends the moment she walks through the shelter's door. Willow has to quickly adapt to the new challenges that shelter life demands, which includes making new friends and working a full time job.

Soon after making an interesting discovery, Willow and her friends start exhibiting strange abilities. Seeking answers, they embark on a mission to find out what these new abilities mean and whether they are a gift or a curse.

This new adventure can send her world crashing down around her. The question is: Can Willow survive the fall?

From the best selling authors of Night Marchers comes a new apocalyptic series with a paranormal twist.

**We have listened to the reviews and have fixed all the errors we could find that were listed. We're sorry for the inconvenience. We have since found a new editor whose work shines like the sun :) **
