Caught in the Crossfire: Revolution, Repression, and the Rational Peasant

David T. Mason

Caught in the Crossfire: Revolution, Repression, and the Rational Peasant David T. Mason

Caught in the Crossfire presents a multifaceted explanation of why people participate in something as dangerous and uncertain as a revolutionary movement. Beginning with an analysis of the grievances that motivate peasant participation in political movements, the book also explores the additional factors—leadership, resources, and strategies—required to mobilize peasants for collective action. Collective action itself need not be violent, but a repressive state response can quickly transform a reformist movement into a revolution. Mason shows how different strategies on the part of various actors can result in a government victory, a rebel victory, or a negotiated settlement. The book concludes with a look to the future: Will the emerging trends toward political democratization and economic globalization make revolution in the countryside more or less likely?
