Origins: An In-Depth Study of Genesis 1-11 Derrick McCarson

The creation story has been hijacked. The subtle deceptions of the Serpent have caused skeptics and even believers to look upon the opening chapters of Genesis with a cynical eye. As a result many believe that Earth is a cosmic accident and that humanity is merely a product of time, matter and chance. However, Derrick McCarson counters the critics of the Bible with powerful new evidence from the world of astronomy, microbiology and physics which all point to the undeniable fact that we are here by Divine design. In Origins you will be challenged with fascinating information that confirms Genesis 1:1 and following. Content Includes: Deep space discoveries which reveal the first moments of creation Wonders of the universe which point to a super-intelligent Creator The reason why evil and suffering entered the world DNA-the language of God The amazing ingenuity of Noah's Ark
