A Skeleton Key to Finnegans Wake: Unlocking James Joyce's Masterwork (The Collected Works of Joseph Campbell) Joseph Campbell, Henry Morton Robinson

Countless would-be readers of *Finnegans Wake* — James Joyce's 1939 masterwork, on which he labored for a third of his life — have given up after a few pages and “dismissed the book as a perverse triumph of the unintelligible.” In 1944, a young professor of mythology and literature named Joseph Campbell, working with novelist and poet Henry Morton Robinson, wrote the first guide to understanding the fascinating world of *Finnegans Wake*. Page by page, chapter by chapter, *A Skeleton Key to Finnegans Wake* outlines the basic action of Joyce's book, simplifies and clarifies the complex web of images and allusions, and provides an understandable, continuous narrative from which the reader can venture out on his or her own. This edition includes a foreword and updates by Joyce scholar Dr. Edmund L. Epstein that add the context of sixty subsequent years of scholarship.
