Kill It With Magic: An Urban Fantasy Novel (The Lillim Callina Chronicles Book 1) J.A. Cipriano
Lillim Callina was raised to believe she could kill anything. Why wouldn't she? She was brought up by the Dioscuri, a group of supernatural warriors charged with keeping the human world from being overrun by monsters. The only problem is, they don't like it so much when you run away.

It all started with a cheap piece of candy. Lillim knew she shouldn't have eaten it, especially since it was sent by her demonic ex-boyfriend.

How was she to know that just one lick would have an ancient, unstoppable dragon kicking in her front door and demanding she help him take over the world? Or that it would get her stuck in the middle of a turf war between a werewolf king and a millennia old vampire?

So now, there's just one way out of this mess. Kill them all and let God sort them out. Then maybe, just maybe, she'll think about apologizing to her mother. Nah...

Kill it with Magic is the first book in *The Lillim Callina Chronicles*, an urban fantasy series. Readers who enjoyed Jim Butcher's *The Dresden Files*, Patricia Brigg's *Mercy Thompson* series, or Kevin Hearne's *The Iron Druid Chronicles* will likely enjoy this paranormal adventure.

Interview with the Author

Q - So, what makes the Lillim Callina Chronicles series special?

A - The urban fantasy series is my take on the genre after a decade playing pen and paper RPGs. At its core you'll find a story about a young girl who must come to terms with not only her powers, but every kind of monster imaginable from vampires and werewolves to psychotic demons. I was once told this paranormal action adventure thriller was an over-the-top, insanely fast-paced, urban fantasy tale with EXTREME ACTION where you never quite know who is going to do what.

The Lillim Callina Chronicles books are a great mix of genres, set in a slightly dystopian fantasy world full of supernatural factions that keep things interesting.

Q - Do I have to read these books in order?

A - Not necessarily. While I recommend readers start with *Alone in the Dark*, *Wardbreaker*, or *Kill it with Magic*, the series is designed in such a way that a reader could start with *Hardboiled* if they so choose. I have

also been told that some readers actually prefer to start with *The Hatter is Mad*, although I'm not quite sure if that works. The sequence of novels is:

- *Alone in the Dark (short prequel)*
- *Wardbreaker*
- *Kill it with Magic*
- *The Hatter is Mad*
- *Fairy Tale*
- *Pursuit*
- *Hardboiled*
- *Mind Games*

Q - So, why should readers give these books a try?

A - Because the Lillim Callina Chronicles takes off and never stops charging forward! The books will give the readers a chance to connect with a girl as she struggles to be a hero and do the right thing even when every situation forces her to question herself and her choices.

If you enjoy books paced at hypersonic speeds and plots that will surprise you all the way until the last page, you'll enjoy this urban fantasy adventure series.

Thanks for reading!
