Nazi Gold is the real-life story of the theft of a fabulous treasure—the German national gold and foreign currency reserves, which disappeared in transit following the collapse of the Nazi regime in 1945. The authors' quest led them to a murky, dangerous, post-war world of racketeering, corruption, and gang warfare. Their reporting, matching eyewitness testimony with recently declassified Top Secret documents from the US Archives, lays bare this monumental crime in a narrative which throngs with SS desperadoes, a redheaded queen of crime, American military governors living like kings, and investigators impeded at every step and in fear of their lives. This fully updated edition of *Nazi Gold* includes startling evidence that throws further light on the crime, including the authors' recent discovery of some of the missing treasure in the Bank of England.
