EXCEL in your neurology clerkship and on the USMLE Step 2 CK

"This book is extraordinary. The clinical cases are engaging and enjoyable to read, maximizing the absorption of valuable clinical information. I recommend this book to all medical students on clinical rotations."--Lance E. Davis, medical student, UT Southwestern Medical School

You need exposure to cases to pass the USMLE and shelf exams and that's exactly what this innovative resource offers. Written by experienced educators, *Case Files: Neurology* helps you think through diagnosis and management when confronting neurological clinical problems. 53 high-yield clinical cases focus on the core competencies for the neurology clerkship. Each case includes an extended discussion, definitions of key terms, clinical pearls, and USMLE-format review questions. It's an interactive learning system that helps you **learn** instead of just memorize.

Featuring:

- 53 neurology cases with complete discussions and review Q&A
- Clinical pearls highlight key points
- Primer on how to approach the patient
- Helps you learn in the context of real patients

From reader reviews:

Bobby Phillips:

Now a day folks who Living in the era just where everything reachable by connect with the internet and the resources in it can be true or not call for people to be aware of each info they get. How people have to be smart in getting any information nowadays? Of course the solution is reading a book. Reading a book can help people out of this uncertainty Information especially this Case Files Neurology (LANGE Case Files) book as this book offers you rich info and knowledge. Of course the info in this book hundred percent guarantees there is no doubt in it as you know.

Michael Hilton:

Reading a book can be one of a lot of task that everyone in the world enjoys. Do you like reading book so. There are a lot of reasons why people love it. First reading a reserve will give you a lot of new info. When you read a publication you will get new information because book is one of many ways to share the information or even their idea. Second, reading a book will make a person more imaginative. When you studying a book especially fictional works book the author will bring you to definitely imagine the story how the figures do it anything. Third, you can share your knowledge to others. When you read this Case Files Neurology (LANGE Case Files), you could tells your family, friends along with soon about yours reserve. Your knowledge can inspire different ones, make them reading a book.

Scott Rochelle:

People live in this new time of lifestyle always attempt to and must have the time or they will get great deal of stress from both lifestyle and work. So , once we ask do people have spare time, we will say absolutely indeed. People is human not really a robot. Then we inquire again, what kind of activity are you experiencing when the spare time coming to a person of course your answer will probably unlimited right. Then do you ever try this one, reading textbooks. It can be your alternative in spending your spare time, the book you have read will be Case Files Neurology (LANGE Case Files).

Justin Mireles:

As a scholar exactly feel bored to help reading. If their teacher expected them to go to the library as well as to make summary for some publication, they are complained. Just small students that has reading's heart or real their interest. They just do what the trainer want, like asked to the library. They go to there but nothing reading critically. Any students feel that reading through is not important, boring as well as can't see colorful pics on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this Case Files Neurology (LANGE Case Files) can make you experience more interested to read.
