Practices of an Agile Developer: Working in the Real World (Pragmatic Bookshelf) Venkat Subramaniam, Andy Hunt

Want to be a better developer? This books collects the personal habits, ideas, and approaches of successful agile software developers and presents them in a series of short, easy-to-digest tips. This isn't academic fluff; follow these ideas and you'll show yourself, your teammates, and your managers real results. These are the proven and effective agile practices that will make **you** a better developer.

This book will help you improve five areas of your career:

- The Development Process
- What to Do While Coding
- Developer Attitudes
- Project and Team Management
- Iterative and Incremental Learning

These practices provide guidelines that will help you succeed in delivering and meeting your user's expectations, even if the domain is unfamiliar. You'll be able to keep normal project pressure from turning into disastrous stress while writing code, and see how to effectively coordinate mentors, team leads, and developers in harmony.

You can learn all this stuff the hard way, but this book can save you time and pain. Read it, and you'll be a better developer.

From reader reviews:

Nettie Powers:

As people who live in the particular modest era should be upgrade about what going on or details even knowledge to make all of them keep up with the era which is always change and make progress. Some of you maybe will update themselves by examining books. It is a good choice for you personally but the problems coming to anyone is you don't know which you should start with. This Practices of an Agile Developer: Working in the Real World (Pragmatic Bookshelf) is our recommendation to cause you to keep up with the world. Why, since this book serves what you want and wish in this era.

Russell Stringer:

Why? Because this Practices of an Agile Developer: Working in the Real World (Pragmatic Bookshelf) is an unordinary book that the inside of the e-book waiting for you to snap it but latter it will shock you with the secret this inside. Reading this book alongside it was fantastic author who write the book in such incredible way makes the content interior easier to understand, entertaining way but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this any more or you going to regret it. This amazing book will give you a lot of benefits than the other book have such as help improving your talent and your critical thinking approach. So , still want to postpone having that book? If I have been you I will go to the book store hurriedly.

Allie Littlefield:
